

“The measure of success is not whether you have a tough problem to deal with, but whether it is the same problem you had last year.”

John Foster Dulles
Former US Secretary of State

Creative Problem Solving & Decision Making in the Workplace

Intensive
Learning &
Skill-Building

Communicate a
Comprehensive
Foundation

Plan & Conduct
Your Own
Basic Problem
Solving Event

Change agents will be guided to apply problem solving knowledge directly to real cases:

01

Defines &
Scope Problem
Appropriately

02

Gather
Required Data

03

Find the
Root Cause

04

Select the
Best Solution
Possible

05

Implement the
Solution

06

Monitor The
Result for
Sustainability

KEY LEARNING
